

Pairing Your Remote to Your Travis Seed Cart

Items You Need

- FOB (handheld remote)
- A fairly powerful magnet

Follow the instructions on the next page or watch the video by [clicking here](#).

Procedure

1. Turn the unit on.
 - The LED on the receiver will flash **red** four times.
2. Place a magnet over the, “L” on the receiver for approximately 3 seconds.
 - The LED will change from flashing to constant **red**.
3. Press any of the buttons on the FOB.
 - The LED will change from **red** to **green** or **yellow**.
 - The remote is now paired to the receiver.
