

HITCHDOC®

MOTORCYCLE HITCHES

MADE IN

U.S.A

**WHY SETTLE
FOR ANYTHING LESS
THAN THE ORIGINAL**

FITS MOST MODELS FROM 1968 TO CURRENT FOR BRANDS:

Harley-Davidson | Honda | Kawasaki | Yamaha
Suzuki | BMW | Victory | Indian | Moto Guzzi | Triumph

DESIGNED FOR *YOUR BIKE.* MANUFACTURED FOR *YOUR SAFETY.*

HITCHDOC OWNER, BRAD MOHNS, DESIGNED AND FABRICATED HIS FIRST MOTORCYCLE HITCH in preparation for the Sturgis Motorcycle Rally's 50th Anniversary in 1990. From the first hitch to the one you can purchase today, the philosophy behind using solid, American steel and matching the aesthetics of the bike have not changed.

- Standard and vertical receiver style hitch mounts available
- Hitch mounts solidly to the frame without any drilling
- Innovative clatter-free receiver feature improves touring experience by not rattling with the vibrations of the road/bike
- Inspected against the highest quality standards for the safest addition to your riding experience
- Minnesota made with American steel and decades of manufacturing experience

- Visible portion of hitches are triple plated show chrome while some hidden portions are a baked-on, powder coat finish
- Designed and manufactured to withstand the toughest road conditions you can ride through
