

4 BUTTON REMOTE PAIRING

PRE-2023 AUGER CART REMOTE PAIRING

Items You Need

- 1.) **FOB** (Handheld Remote)
- 2.) **A fairly powerful magnet**

(Magnetic Pickup Tools {Greater than 3lb pull} are frequently used)

Step 1

Turn the **Unit On**. The **LED light** on the **receiver** will flash **RED** four times

Step 2

Place a **magnet** over the **"L"** on the **receiver** for **approximately 3 seconds**.
The **LED light** will **change** from **flashing** to **constant red**

Step 3

Press **ANY** of the **buttons** on the **FOB remote**. The **LED** will **change** from **RED** to **GREEN** or **YELLOW**.

Congrats!

You have successfully paired your remote to the receiver!
